§ 170.49 Notice requirement; setup of still.

(a) *General.* When required by letter issued by the regional director (compliance), no still, boiler (double or pot still), condenser, or other distilling apparatus may be set up without the manufacturer of the still or distilling apparatus first giving written notice of that purpose.

(b) *Preparation.* The notice will be prepared by the manufacturer in letter form, executed under the penalties of perjury, and will contain the information specified in the letter of the regional director (compliance).

(c) *Filing.* The notice will be filed in accordance with the instructions in the letter of the regional director (compliance). A copy of the notice will be retained at the manufacturer's place of business as provided by § 170.59.

(Approved by the Office of Management and Budget under control number 1512-0341)

(Sec. 843, Pub. L. 98-369, 98 Stat. 818 (26 U.S.C. 5101))

§ 170.51 Failure to give notice; penalty.

Failure to give notice of manufacture of still or notice of setup of still when required to do so is punishable by a fine of not more than \$1,000 or imprisonment for not more than one year, or both, and any still, boiler (double or pot still), condenser, or other distilling apparatus to be used for the purpose of distilling which is removed or set up without the required notice having been given is forfeitable to the Government.

(Sec. 201, Pub. L. 85-859, 72 Stat. 1405, as amended, 1412, as amended (26 U.S.C. 5615, 5687))

27 CFR Ch. I (4-1-98 Edition)

§ 170.53 Identification of distilling apparatus.

(a) *General.* Each still or condenser manufactured will be identified by the manufacturer as follows:

(1) Name of manufacturer.

(2) Address of manufacturer.

(3) Manufacturer's serial number for the apparatus.

(b) *Marking requirements.* The apparatus will be identified in a legible and durable manner. The required identification marks will be placed on the apparatus in a location where they will not be obscured or concealed.

§ 170.55 Registry of stills and distilling apparatus.

(a) *General.* Every person having possession, custody, or control of any still or distilling apparatus set up shall, immediately on its being set up, register the still or distilling apparatus, except that a still or distilling apparatus not used or intended for use in the distillation, redistillation, or recovery of distilled spirits is not required to be registered. Registration may be accomplished by describing the still or distilling apparatus on the registration or permit application prescribed in this chapter for qualification under 26 U.S.C. Chapter 51 or, if qualification is not required under 26 U.S.C. Chapter 51, on a letter application, and filing the application with the regional director (compliance) of the region in which the still or distilling apparatus is located. Approval of the application by the regional director (compliance) will constitute registration of the still or distilling apparatus.

(b) *When still is set up.* A still will be regarded as set up and subject to registry when it is in position over a furnace, or connected with a boiler so that heat may be applied, irrespective of whether a condenser is in position. This rule is intended merely as an illustration and should not be construed as covering all types of stills or condensers requiring registration.

(c) *Change in location or ownership.* Where any distilling apparatus registered under this section is to be removed to another location, sold or otherwise disposed of, the registrant shall, prior to the removal or disposition, file
